Quality Policy

South Coast Logistics Ltd is committed to:

- The provision of sustainable, safe and effective Logistical services encompassing safe handling & haulage of hazardous, non-hazardous and food products for a wide range of customers both Domestic & International.
- Ensuring our staff are adequately trained and resourced in order to be able to provide a comprehensive professional service that meets our customer's expectations.
- Continually improving our business through monitoring the relevant information and feedback streams.
- Setting and reviewing our objectives and targets.
- Ensuring that our Management System complies with the requirements of ISO9001:2015 on an ongoing basis.
- We commit to the process of continuous improvement.
- We commit to compliance with relevant Irish & EU Regulations governing the logistics industry, this includes safety standards, environmental regulations and data protection laws.
